#### syndae episode 100 volume 1

Two years! I have never imagined to be on your ears for about 100 times, once each week, to get tracks of my beloved and versatile genre of electronic music on the internet highways. So, here comes a big thank you for all the nice and positive feedback, and of course all the criticism and advices, and surely for your support as listener or label owner or musician. I am really happy about how my humble podcast turned out to become a well received weekly event on many, many audio players. So this is episode 100, celebrating two years of shows. And therefore, it's an XXXXL episode, split into four volumes, each 30 minutes, for four following days. Enjoy some of the great artists who accompanied the podcast over the years, of course with some new and unreleased tracks in between. Volume One featuring Broekhuis, Keller & Schönwälder, Erik Seifert, Johannes Schmölling, Stefan Erbe, Synth.nl, and Uwe Reckzeh.

Honoring the winners of the Schallwelle Awards 2010 spiced with a little bit of my personal thanks to all of the artists, labels, media, and fans out there supporting and participating at the awards. Tonight on the playlist are the EM legend Ashra, best artist (online voting) Dithmar, best album artist (online voting) Synth.NL, best newcomer (jury voting) Meesha, and best artist and best album artist (jury voting) Spyra.
